## EL CERRITO BOY SCOUTS RISK LIVES TO RESCUE COMPANION

### Thousands Left Homeless When Big Storm Hits

A wind, born of violence somewhere south and east of the lesser Antilles rode across the Florida peninsula Monday and, suddenly after darkness isolated that state from direct communication by telegraph or telephone.

The storm took a toll of the entire West Indies group of probably 700 lives. Perhaps a score of lives were lost in Florida and an undetermined number were injured.

From the island of Martinique where it struck last Wednesday the tropical hurricane had battered the northwestward with undiminished force until it rolled in mad gyrations across the Bahama islands and against the Florida coastline.

Upon the heels of fleeing automobiles the ponderous wind raced across the state and poked its nose north and west.

Word of many minor casualties, wrecked buildings, and terrorized citizens reached the world over the battered telegraph wires and from shaky radio stations.

Then with the wind at its heights and going toward new territory the wires failed.

**TERRIFIC TOLL**  
The storm exacted a terrific toll of lives as it swung over the ancient mountain tops which are the Antilles islands.

Official government figures put the number of dead at more than 500 in Guadeloupe, a French possession.

Porto Rico authorities estimated as many as 200 dead on that island.

Centering on a 200 mile wide strip from Daytona Beach southward the wind moved northwest on the gulf coast. There was no indication that it had spent its fury.

### S. F. Bay Murder Mystery Probed

SAN FRANCISCO, Sept. 17.—(U.P.)—The theory that Joseph Brown, 60, was robbed and murdered was investigated by police here tonight. The body of Brown, employee of a San Francisco department store was found floating in the bay and was recovered by a police patrol boat.

A bruise was found on the

### Merchants Plan Big Dinner Dance

Plans for a get-together dinner dance for merchants and employees to be held next month formed the principal topic of discussion by members of the Richmond Merchants' association and the Richmond Credit Rating bureau at dinner last night in the Hotel Carquest.

Committees to arrange for the event will be appointed within the next few days. The affair will probably be a Halloween dance.

Clifford Anglin, secretary, was appointed to represent the two bodies at the committee meeting next week when plans for a community chest will be discussed.

Full fashion display of Richmond merchants which will open tomorrow and continue the remainder of the week was also discussed. The manner in which the event will be carried out this year was left to the individual

merchants, many of whom are planning unique window displays. Louis Garfinkle presided over the meeting which was the first joint affair of the two organizations since the summer vacation period.

#### BAYARD LANG VISITS

Mr. and Mrs. A. C. Lang are entertaining their son Bayard Lang who is here on a visit from Los Angeles.

### TENTH STREET FILL TO FORD SITE ORDERED

Positive steps were taken by the council last evening to putting Tenth street from Potrero avenue to the Ford site in condition for traffic as agreed upon between the city and the officials of the Ford Motor company.

The plans and specifications of City Engineer E. A. Hoffman were accepted and a resolution of intention for the fill was adopted. The street from property line to property line will be 77 feet in width, and the roadway will be 53 feet.

The work that has just been started provides for a fill of 45 feet in width on the westerly side of the roadway, and the other part of the street will not be filled until plans have been completed for the installation of the storm sewer.

In order to bring the roadway up to proper grade, a fill of between two and three feet will have to be made for a distance of about 3000 feet. The engineer's estimate of cost is about \$12,000. After the contract is awarded it is stated it will take about three months to make the rock fill.

### SUSPECT FREED IN BOLT ATTACK

MARTINEZ, Sept. 17.—Held for questioning in connection with a recent bolt bombardment of a Southern Pacific train, Bert Taylor, 42, was released today by Justice of the Peace Frank Glass.

Taylor who was arrested in Port Costa declared that three youths who had left the train, hurled the bolts through the windows of the passenger train. Taylor stated that he was on the train at the time, but that the youths left a freight car between Stage and Port Costa.

Three passengers on the train were reported slightly injured by the missiles.

### Wagners Return From Vacation

Mr. and Mrs. Fred Wagner returned last night to their home, 1222 Chanslor avenue from a two weeks vacation spent in San Andreas. On the way to Richmond the Wagners visited Mrs. Wagner's mother, Mrs. S. Coons in Sunnyvale.

### George F. Black Acts As Mayor Pro-tem

In the absence of Mayor Mattie Chandler, who is in the east on a vacation trip, Councilman Geo. F. Black, was elected as mayor pro-tem at the meeting of the council last night. The session was a short one and the business was concluded in about 15 minutes.

#### POLICEMEN VACATION

Three Richmond police officers are enjoying their annual vacation. Capt. L. E. Jones and Patrolman E. G. Povenmire are in the northern part of the state while Patrolman E. M. Logan has left for the east.

### Roma Plane To Take Air In Hop Over Sea Today

OLD ORCHARD, Me., Sept. 17.—(U.P.)—Making a sudden decision, Captain Cesare Sabelli, flew the Bellanca Sesquiplane Roma from its Scarborough hangar to the beach here and ordered the plane to be fuelled for an early start Tuesday on its 5,000 mile flight to Rome.

Late this afternoon, Sabelli announced he contemplated taking the plane to the beach in Scarborough. However, after learning conditions were more favorable for a take-off early in the morning, he decided to have the plane prepared tonight.

Shortly before 7 p. m. the big blue and yellow plane was placed at the head of the runway near Capt. Harry Jones' hangar, where the fuel is stored.

Sabelli and his companions, Roy G. Williams, co-pilot, Harry Bonelli, radio operator and Navigator, and Dr. L. M. Pisculli will supervise preparations for a few hours and retire around midnight. They expect to rise at 5 a. m. and leave perhaps an hour or two later.

### Interest Shown In Hoover Meet Set For Thursday

Large delegations from all parts of Contra Costa county will be present at the Hoover banquet in Hotel Carquest Thursday night when a county organization is to be effected. Considerable interest is being shown throughout the county. Crockett will send a delegation of 20, according to Frank W. Hutchinson, chairman of the central committee. Concord will send eight.

Reservations are being limited to 150, the capacity of the dining room.

Speakers for the evening will be furnished by state headquarters in San Francisco and a musical program will be provided by Eliza Gilbreath Calfee and Dennis Shaw's orchestra.

"The dinner will be given promptly at 7 o'clock," said Chairman Hutchinson today, "and will close promptly at 9 o'clock. It will be a short but enthusiastic meeting and will be the starter for Hoover activities in this county."

### Tomasini Denied Bay Bridge Permit

SAN FRANCISCO, Sept. 17.—(U.P.)—Application of T. A. Tomasini for permission to build a combined tube and bay bridge was refused today by the board of supervisors.

Tomasini who already received permission from the supervisors of Alameda and Marin counties from Albany to Tiburon, hoped to connect that project with San Francisco with a combined span and tube.

#### PATRICKS RETURN

#### PLUMBING REPORT

During the past month, the plumbing inspector, C. S. Ford, issued 18 permits and collected \$42 in fees, according to a report filed with the council last evening.

### Death At Door

**MUST DIE SAYS STATE.** Eula Thompson of Georgia (left) convicted murderess, who is awaiting death by execution. Her sister Daisy Dixon (right) has come to bring her comfort in prison cell as governor studies pardon plea.

### EL CERRITO MAN IMPRESSED WITH SAN QUENTIN SYSTEM

The healthful and seemingly happy condition of San Quentin prisoners impressed Lieut. O. A. Burnett of the El Cerrito Fire department, who recently visited the institution, accompanied by his wife, Mrs. O. A. Burnett and his mother, Mrs. L. E. Rawlins.

According to Lieutenant Burnett there are at present 4,400 inmates of the prison. Of these only 40 are victims of tuberculosis, a surprisingly low average, much lower than the average of any California town of the same population. Burnett remarked on the leeway permitted men convicted to the institution, finding 13 men only, who were not permitted to work or enjoy a certain amount of relaxation. The 13 men received an hour and a half exercise daily under the supervision of attendants.

"Kid McCoy" convicted murderer is the fire chief of the prison. He showed his efficiency while Burnett was there in successfully stifling a small fire which broke out while Burnett was there. The well-kept gardens with their stretches of lawn and the vegetable gardens are all cared for by the inmates.

"They seem happy enough," said Burnett. "Some of them were smoking and many of them were whistling and singing."

### State Labor Meet Opens At Capital

Six day convocation of the California State Federation of Labor opened in Sacramento yesterday when 400 delegates gathered in the Masonic auditorium. Federal, state, city and county officials addressed the twenty-ninth annual convention on subjects of governmental and labor interest.

Representing the Contra Costa Central Labor council which includes Richmond is W. R. Tosh.

### \$16,74 Collected In August Taxes

The collections of the city tax collector for last month amounted to \$16,743.55, according to a report filed with the council last night by J. O. Ford.

#### MRS. ROSIER RETURNS

Mrs. T. Rosier, 908 Twenty-first street, has returned from Southern California, where she has been the guest of her daughter, Mrs. J. H. Smith of Hollywood.

### Efforts Made To Obtain Citations For Brave Lads

News has just reached Richmond of the daring rescue from drowning early Sunday morning of Jack Carlquist, 14, Boy Scout, by two fellow scouts.

While swimming in the Merced river, near Newman, Carlquist was suddenly swept beneath the water by an unusually strong current.

Byron Parker and Leon Edlisen, both members of El Cerrito troop 14, encamped near the river saw Carlquist's struggles and swam to his rescue.

**RISKS OWN LIFE**  
Parker, barely able to swim himself, reached the drowning boy first and managed to hold his head above water until Edlisen, who has had a few lessons in lifesaving, reached them. Together the boys brought Carlquist in an unconscious condition to the shore where he soon recovered.

According to D. J. Stevens, scoutmaster of the troop, neither boy could have accomplished the rescue. He is amazed that the feat was accomplished.

**MEMBERS OF NEW TROOP**  
Edlisen is a second class scout and is the son of Mr. and Mrs. A. Edlisen, 617 Elm street, Berkeley. Parker is a tenderfoot. He is the son of Mr. and Mrs. J. L. Parker, 5818 Santa Cruz avenue, Berkeley. The rescued lad is a second class scout, the son of Mr. and Mrs. J. Carlquist, 1234 Gilman avenue, Berkeley. All the boys are 14 years of age, and are members of the recently organized troop 14 of El Cerrito.

Stevens, the scoutmaster, is making efforts to obtain citations for the splendid work of Edlisen and Parker.

### Youth In Fruit Theft Sentenced

MARTINEZ, Sept. 17.—Kenneth McGregor, 26, was given a 60-day sentence in the county jail when he appeared before Superior Judge A. B. McKenzie today. The charge of assault with a deadly weapon with which McGregor had been accused was reduced to one of simple assault. He pleaded guilty to the lesser charge.

The charge grew out of an attack on McGregor an El Cerrito grocer, during an attempted theft of fruit from the store. McGregor, who said that the name was an alias to protect his parents, attributes the attempted theft to hunger.

Officers put on the trail of the fleeing youth captured him in Franklin canyon.

### Warrant Denied In Check Case

Echoes of a controversy over a check charge involving W. A. Cassin, 2209 Macdonald avenue and Reginald A. Johannesson, defeated candidate of assemblyman from the fourth district were heard yesterday. And according to some of those involved the end is not yet.

Johannesson, arrested on the eve of the election on a forgery complaint, attempted to strike back at Cassin by having him cited on a charge of attempted extortion, failed to gain his objective in Berkeley yesterday.

Cassin appeared before George Perkins, deputy district attorney and after a stormy session in which Chief of Police August Vollmer of Berkeley took part, Johannesson asked that his plea for a warrant be withdrawn.

The charge on which Johannesson had been arrested involving a \$10 check was dismissed after a hearing in the court of justice of the Peace A. A. Aistrom.

### Herbert Hoover In Labor Speech

STEWART, N. J.—Herbert Hoover told a crowd of 10,000 persons here tonight what he would do for labor if he is elected president.

As a climax to the day of an enthusiastic celebration and parades in the doubtful east, Hoover laid down his labor program in tonight's speech.

The nominee promised workers to maintain a high American wage scale under a Republican protective tariff, measure to curb excessive use of court injunctions, restricted emigration to keep out a flood of foreign workers; freedom for collective bargaining and

#### SOFT DRINK PERMIT

At the meeting of the council last night, the application of Margaret Garcia to sell soft drinks in connection with a restaurant at 123 Macdonald avenue, was referred to the license committee for one week.

The application of George Thompson to install pool tables at 1930 Macdonald avenue was referred to the license committee for one week.

TUESDAY MORNING, SEPT. 18, 1928.

Lawton Champie, who has been noted for a good many years as a bronc rider, has proved the old theory wrong that the man who breaks wild horses has meat in his cranium instead of brains. We learned by accident yesterday that Lawt was registered republican.

The Prince of Wales created quite a sensation by appearing without a waistcoat. We know a lot of girls who have gone a lot farther than that but still don't arouse much comment any more.

According to London Opinion stockings were invented in the eleventh century, but it is only in the past few years that we have become aware of them.

There may be some farmers who think they need farm relief, but for real suffering look at the city fellow who thinks he needs relief for his thirst.

Rubber is now cheaper than it has been for several years, which makes it nice for the gum shoe politicians this year.

A night club is an institution run by a city slicker for the benefit of those from out of town who are not supposed to know any better.

Scientists are now busy trying to split the atom and if they succeed they can get jobs in 1932 writing the political platforms.

That Herbert Hoover and his wife are just folks like the rest of us is the reason why the rest of us folks are going to elect Hoover as our president.

Generally speaking, all the man on the street cares about the tariff is that under a republican tariff he has a job and under a democratic tariff he has not a job.

Gansters are the blind fish in the subterranean rivers of American society.—*Boston Herald.*

The greatest optimist we know of is the fellow who says he is glad he doesn't have to worry with a million dollars on account of the income tax.

Another thing that keeps a man broke these days is trying to live up to the prosperity of his neighbors.

Senator Norris was offered the nomination on a third party ticket, but he does not choose to walk.

AND THE WORST IS YET TO COME

## Julie Says

present or future use, one of the loveliest frocks I have come across is this dinner and dance frock of lace. This model was of gray and I thought how charming it would be for the youthful grey haired matron. But the model is so youthful, yet so conservative that it could be worn with discretion as well as pride by any woman from seventeen to seventy. The neck was cut square, the waist simply bloused over a jeweled belt. And the skirt had two slightly irregular ruffles below the moulded hip line. And worn with it was a little sleeveless jacket of the lace.

## BEAUTY

If you have dark, sallow skin, don't think that you can become beautiful blond all of a sudden by using light powder and rouge. By so doing you only accentuate the darkness of your complexion and give rather an unattractive look to your skin.

With a little patience it is possible to find the cosmetics which most nearly approximate your natural coloring. Face powders are made in every conceivable shade and texture and the same is true of other cosmetics. When you apply your powder, having found the correct shade, remember to use it on your neck as well as your face or you will look as if you were wearing a mask. Don't rub the powder in merely dust it on using two or three applications if necessary. Above all, remember that a dirty powder puff lays you open to the danger of infection on at least of looking as if you hadn't washed your face. Puffs are cheap and it shouldn't be too much of a drain on your pocket book to have a supply on hand. At any rate, a good powder puff washes easily.

Your lip rouge should match that which you use on your cheeks. If you want to look as though nature had done the job. Even if you apply it with the stick, soften and shape it in with the fingers, not forgetting to part the lips slightly so that when you smile there won't be a sharp line of demarcation.

After you have powdered and rouged, brush and shape the eyebrows with a brush designed for that purpose. If you prefer to shape them between your fingers, don't forget to brush out the powder first.

In making up your eyes, use discretion. On the whole, I think make-up is unnecessary except for evening for most women.

NO LIE

## OBLIGING

The constable of a New England village, a man of exceedingly good nature, found it necessary to lock up three tramps who had strayed into his jurisdiction. Shortly after the arrest, he was met by the mayor of the village, who, observing the constable hurrying down the main street, asked:

"Where are you going, constable?"

"Oh," exclaimed the constable, "three tramps I just locked up want to play bridge, and I'm out hunting a forth."

## FALL FLOWER DISPLAY OF CLUB ATTRACTS

Attractive fall flowers representing at least 75 varieties, were on display at the Flower Show sponsored yesterday afternoon by the Richmond club in their clubhouse in New Street. Careful attention in arrangements made it possible to view each group of flowers as an entity with the result that the best qualities both in color and in form were in evidence. All the blossoms were from Richmond gardens, entries being made by almost every member of the club.

On the musical program were Mrs. F. C. Shallenberger singing "Thank God for a Garden" and "In a Country Garden," and Patricia McLeod at the piano playing Cippin's "Raindrops" and MacDowell's "To a Wild Rose."

Mrs. L. W. Westhoff as chairman of the garden committee presided at the meeting. In charge of the decorations were Mrs. Harry Marland and Mrs. Harry Lincoln.

## LOST AVIATOR IS BELIEVED TO BE ALIVE

By EDWARD W. LEWIS

ATLANTA, Ga., Sept. 17.—UP—A young American with heavy black beard and mottled hair is alive in the jungles of tropical South America, awaiting an opportunity to journey down some great river to civilization, his father believes one year after Paul Redfern left Brunswick, Ga. on a flight to Rio de Janeiro.

It was a year ago last month that Redfern, 24 year old aviator left a wide stretch of beach in a gold and silver monoplane and pointed the craft southward towards the Bahamas, and the continent of South America, way beyond. But for the crew of a freighter, the Kristian Krogh, no one has reported sight of the plane since. Redfern circled the Kristian Krogh, 150 miles off the Venezuela coast, some 24 hours after he sped away from Brunswick, and then disappeared southward.

Dr. Frederick Redfern, president of a negro Baptist college at Columbia, S. C., and his wife, now a national republican committee woman from the state, continue to hope their son is alive. They think there is ample reason to believe that he lives in some fastness in the interior of Brazil or far up the reaches of the Orinoco in Venezuela or in Columbia.

Redfern cautiously left with full equipment for a forced landing in the jungles. No single item that a man might need in the tropical fastness was forgotten. He knew the prevalence of terrific electric storms in the region and must pass through the way to Rio and took precautions for such a landing and for a six months' sojourn in the wilderness alone. He had a parachute, and planned to leap overboard should his plane give out of gas. The equipment he needed was packed in a dunnage bag and hooked to the parachute cords.

There were such articles as tackle for catching fish in the tropical rivers, a combination shotgun and rifle with ammunition to kill beasts ranging from rabbits to jaguars. There was a supply of chocolate, concentrated food, sufficient to last for weeks before Redfern would be forced to live off the land. There was a first aid kit, with all modern appliances in event he was injured in a plane crash. There was an ominous little bottle of poison. Medicine for all ills was in the plane. There was even lotion against mosquito bites and yards of mosquito netting.

Heavy boots, made for hikes in the underbrush, a long scythe-like knife for hacking one's way out of the "monte" that abounds in the region; long hunting knives to skin animals with—these also were in the cockpit of the plane "Fort of Brunswick." The flier's father, who is a teacher of geography, feels that his son is living with natives far up some tropical river, perhaps even in a mountain valley off the eastern Andean slopes, where his plane might have been forced down—west of the course to Rio.

He recalls that the 24-year-old flier said just before stepping into the cockpit, "Remember, don't give up hope."

## Ramon Novarro Plays Role Of Ancient Ruler

In "Forbidden Hours," Ramon Novarro's starring production for Metro-Goldwyn Mayer, which comes to the California theatre tomorrow Novarro has the role of one of the most famous kings in all the pages of history, Louis XIV, Le Grand Monarque of France.

The picture, which was directed by Harry Beaumont, is founded on that period of medieval France between the birth and marriage of France's greatest monarch, though it is dressed in modern costumes and set in a mythical kingdom.

In the role suggested by Louis, Novarro has his third role, this year as an European noble, others having been the title role of "The Student Prince" and the role of Don Juan Riego in "The Road to Romance."

Renee Adoree plays Novarro's heroine sweetheart. Other screen notables, including Dorothy Cummings, Edward Connelly, Roy D'Arcy, Alberta Vaughn and Shirley O'Hara are in the cast.

## School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless medicine. It won't cause distress or gas pains or griping."

## 'FOUR SONS' AT CALIFORNIA IN WAR TIME FILM

Screen entertainment far above the average was presented to the California theatre audience last night at the opening of "Four Sons," a Fox Filma production directed by John Ford.

In "Four Sons," Ford has surpassed his previous efforts and the result is a picture in which pathos, drama and color are perfectly blended.

The story opens in a village in the Bavarian Tyrol, where Mrs. Bernie and her four sons are living happily together in their old home. The war comes. Three of the sons answer the call to arms, while the fourth, who previously has sailed for New York, marries a beautiful American girl and prospers.

When the war breaks out he is torn between love for the country of his adoption and his fatherland. At last he joins the American colors and sails to fight against his brothers. On the battlefield he encounters Andre, the youngest and only surviving brother.

With the war ended, Joseph returns to his little family in New York. His mother is alone in the old home. She sails for America to join him, but difficulties develop at Ellis Island. How she finally gains entrance to America and finds happiness at last is graphically told, with never a moment that doesn't pull at the heartstrings.

## The straight line

The geometrical axiom that the straight line is the shortest distance between two points is equally true of advertising.

Reading advertisements saves time. By reading the advertisements in your daily newspaper you learn of the things you want and need; you learn where they are for sale and for how much. The advertisements enable you to weigh and choose even before you lay down your paper.

Advertisements are money savers because they enable you to secure better quality for the money you invest. They enable your dollar to purchase its full value in merchandise. Advertisements will keep you posted on every development that affects you, your wife and children, your home and your business.

Read the advertisements in this newspaper. The time you spend in reading them represents time and money saved when you buy.

## PLANES TO BE NAVIGATED BY AID OF CABLE

PARIS, Sept. 12.—(U.P.)—Darkest night and the worst of climatic conditions no longer will bother aviators arriving at Le Bourget. After several years of experiments with the electric control system devised by Professor Loth, it has been decided to lay several miles of underground electric cable to guide airplanes into France's principal airport.

Professor Loth has admitted that when he started his experimental work he was even more skeptical than his friends. But cables were laid, first in the British Channel and then off the French Atlantic coast, and by means of a delicate instrument placed in the captain's cabin, a ship placed at his disposal by the French government followed without the slightest deviation the route of the cable into the nearest harbor.

So delicate is the system, that even the electric current passing through telegraphic cables hundreds of yards beneath the Atlantic can now be used to guide ships across Atlantic routes.

For airplanes, the problem has presented new difficulties. In the event of electrical storms, there is a counter-current established which may cause some deflection of the underground current, but this will not be sufficient to throw the planes dangerously out of their course.

For commercial purposes, such as the projected mail services between Europe and South America, the Loth invention is of the greatest importance.

## WILL ROGERS SAYS GOLF HINDRANCE TO EDUCATION

BEVERLY HILLS, Cal. Sept. 14.—(U.P.)—Will Rogers, cowboy humorist, is convinced golf is interfering with education.

In a foreword which he wrote for The Watchtower, the first year book published by the Beverly Hills High School, he said it would be impossible to enlarge the high school building "because it might interfere with the golf links."

His foreword follows:

"This is not really, a Foreword, it's a warning. Every book or magazine should have a warning, the same as we have at railroad crossings where there are signs warning the trains to look out for the cars. The electric lines out there killed more people than the war. They don't run fast until they get near a crossing—and they never will hit one person in a car, they can't monkey their time away with only one, they wait for a load.

"But that's got nothing to do with this warning, this one is telling you to look out for this magazine. You are liable to sneak up on it and read it before you know you have done it if it wasn't for the warning. Course people don't pay much attention to warnings, they think they are just put there by people with nothing else to do; but I want to tell you that is not the case with me. I am busy and when I take time to warn you to lay off this almanac, I mean it. Time is valuable nowadays and people haven't got any time to be monkeying with this thing.

"I want to warn parents especially, for if they read this they will wonder 'why do we send them to school.' But if they don't read it, why they will still think you are learning something. They get these illustrated hand bills out every year in all the schools, just to keep their minds off any work that the teachers might have given them to do. Some high school started it as a substitute for study and the rest of course have followed suit.

"Now Beverly is a new school, and I am glad that for if you don't take my warning and go read this you won't have to read about 'Tradition.' The school has absolutely no 'Tradition.' It was started to keep our children from going to Hollywood. In fact it cost us over a million dollars just to keep you out of Hollywood and its evil influences. You would have learned more if you had gone to Hollywood school, but it was not what we wanted you to learn. I want you to know we had to move two oil wells to make room for the thing.

"We could enlarge the school but it would interfere with the golf course. There are thousands of people learning to play golf to every one learning to read. You don't have to know about History to get along but you certainly do have to know how to 'putt.' There

## Gulf Streams Route Has Not Been Changed

WASHINGTON, Sept. 12.—(U.P.)—The huge Gulf Stream, which moves more water than all the rivers of the earth combined, is not changing its course, the National Geographic Society reports, commenting on statements of ship captains indicating a possible reversal of current.

There has been a gulf stream since there was an Atlantic Ocean and trade winds to blow on it, the society reports, describing how the winds cause the huge current as an electric fan directed at the surface of a tub of water will cause all the water to swirl about.

The warm waters of the Caribbean Sea, blown westward by the trade winds into the Gulf of Mexico swirl about and seek an outlet in the Florida Straits, whence the stream, 40 miles wide and nearly 3,000 feet deep moves with such momentum northeastward that it preserves its identity until it reaches Europe.

The Gulf Stream is a merry-go-round of the Atlantic. After it bites the British Isles, helping to provide a mild but foggy climate in that relatively far northern latitude, it divides, and one branch turns south to Portugal, where it strikes the westerly trade winds and returns to the Caribbean. Another branch goes north of the British Isles and proceeds, considerably chilled, into the Arctic ocean.

But for the great stream, England might have the climate of Labrador, and Norway the bleakness of Greenland.

## Mexicans Fete Anniversary At Celebration Here

Richmond was the mecca for Mexicans of the Bay region over the week-end during the one hundred and eighteenth anniversary of Mexican Independence. The Mexican Honorific commission arranged the program presented over Saturday and Sunday.

The celebration on Saturday night centered at the Lincoln auditorium where a diversified program was presented. Numbers included: Selections by the Mexican band and the McManus orchestra; crowning of the queen; official address by Slavador Velasco; readings of the Act of Independence of Mexico; monologues, vocal selections and dance numbers. Dancing concluded the evening.

Sunday's celebration was ushered in with a parade led by the Mexican band. Activities for the day centered at the First street ball park where sports of various kinds were enjoyed.

The committee in charge of the events for the week-end included: Lazaro Velasco, Alberto Ascona, Jose Magallanes and Pascual Cardona, all directors of the commission.

## Researches In Flight Science Being Planned

ST. LOUIS, Mo., Sept. 12.—(U.P.)—Plans for a \$4,000,000 eye ear nose and throat hospital to be erected for the Washington University School of medicine here, include a "Lindbergh pavilion" to be devoted to medical research in aviation.

Dean W. McKim Marriott of the School of Medicine, who announced the plans said, "The new science of aviation is calling for a great deal of investigation in such subjects as the sense of equilibrium of the aviator, the judgment of distance of the pilot and his power to adapt his vision quickly to conditions of light and dark.

"Individuals differ greatly in these particulars and it is evident that something more than a desire to fly should constitute the requirements of an aviator. There are some of the problems upon which the workers of the proposed institute will be engaged," he said.

Dr. Harvey J. Howard who is coming to the university as head of the department of ophthalmology will direct the air research department. He recently completed 10 years of eye research with the Rockefeller Institute at union medical College in Pekin, China.

The hospital will be built with funds provided by the original gift of \$1,200,000 by the late Mrs. William McKim Marriott, and with a \$1,600,000 endowment from the General

# RICHMOND GIRL MISSING AFTER TRIP OVER BAY

While one Eastbay girl, reported missing from her home, has been located, search has been started for a Richmond girl who is believed to have vanished.

Police of the Bay district have been asked to search for Ava Orsina, 14, daughter of Mrs. Amelia Orsina of 3831 Wall avenue, who is reported to have disappeared while on the way to visit her sister, Miss Catherine Orsina, Leavenworth street, San Francisco.

The girl left home Sunday afternoon, saying she was going to San Francisco, but up to a late hour last night, had failed to put in an appearance at the Leavenworth street address. Mrs. Orsina notified Richmond police who immediately began an investigation, informing the police of other Bay cities to be on the lookout for the girl.

Leona Howell of Oakland, who was reported to have mysteriously disappeared from her home was located yesterday in the Oakland Y.W.C.A. where she had gone following a quarrel with her father.

# MURDER FARM DEATH TOLL ON INCREASE

LOS ANGELES, Sept. 17.—(U.P.)—Belief that at least 21 small boys had been murdered, murdered and buried on a farm was expressed tonight by Sheriff Clegg, Swaters of Riverside county, who is leading an investigation into the story of Sanford Gordon Clark, 16.

Clark accused Gordon Stewart Northcott, 21, of having abused and murdered four youths, and found today by investigators at the Northcott chicken ranch in Riverside county, tended to uphold the horror story told by Sanford Clark of the murder of at least four boys by Northcott.

## ARREST HOPED

Police hoped tonight that arrest of young Northcott, and his mother, who fled from the ranch several weeks ago, would be effected soon.

George Cyrus Northcott, father of the youthful alleged pervert and murderer, was held as a material witness and young Clark was held as a suspected accomplice in the supposed illegal entry into the United States from Canada.

As detectives continued to dig in almost every corner of the chicken ranch they obtained further evidence that bodies had been buried.

## BUZZARD GUIDES SEARCH

A buzzard, flying over a spot on the ranch, guided the searchers to the bloody sack and nearby were found what were reported to be two perfect pelvic bones. The bones were buried two feet deep.

Finding of a boy scout whistle also was announced. Louis and Nelson Winslow of Pomona, said by Clark to have been victims of young Northcott disappeared while returning from a scout meeting.

## COCHET BEATS HUNTER FOR U. S. TITLE

### FRENCH TAKE HONORS FOR THIRD TIME

FOREST HILLS, N. Y., Sept. 17.—(U.P.)—For the third successive year the United States tennis championship goes to France.

Francis, H. Hunter, ranked American singles player, stated that he was disappointed to lose to Cochet, but he was glad to have won the championship for the first time in his career.

Hunter went onto the court in the fourth set, but the diminutive Frenchman remained unruffled and stopped Hunter's rush which came near culminating in the most astounding victory in the 47 years of the tournament.

"IMPOSSIBLE PLAYS" The stout hearted American pulled up from 1-5 in the fourth to defeat the set at 6-4. The gallery was in a frenzy. Hunter was making impossible shots, forcing the Frenchman into errors and completely dominating the play.

### Danville Nine Bows to Nevilles

Danville Merchants, formerly the Richmond Carmen, downed the Ames, Harris and Neville team, one of the fastest semi-pro teams in the Bay district, by a score of 4 to 3.

Eight pitched seven innings for the Merchants and was relieved by Wickeser. Bogie did the twirling for the opponents.

### Clothier Nine Takes Measure Of Oaklanders

Johnson Clothiers, Richmond's newest baseball team, scored a victory in their opening game in First Street park, defeating the Johnson Oil Burners of Oakland by a score of 7 to 2.

Features of the game were three double plays by the clothiers and the pitchers' battle during the first six innings. Batteries for the game were Wright and Fickes for the Clothiers and Oliver and Hanson for the Oil Burners.

The Clothiers are a fast organization reinforced by the return of Leveque, Woodson and Silva from the bigger leagues.

### SAN PABLO 9 SOCCER GAME TAKES FLAG IN WON BY SONS HOT CONTEST

Plenty of excitement was furnished to Richmondites Sunday when the Sons of St. George and the British War Veterans of Oakland clashed in a fast soccer game on Nicholl field ending in a victory for the Sons. The score was 4 to 1.

The Sons chalked up their first goal early in the first half of the game, when Hartley, inside right for the Sons, carried the ball down the field, with Cox, goalie for the Vets, blocking it. George Dix, inside left, ran in and kicked the ball into the net before Cox could scramble back to his goal. A few minutes later, Geiger scored the second point. The third point was scored by Edward Williams, outside right, and Montegath, beat the whistle to the last point scored.

Next Sunday, the Richmond Juniors will play their first game, a practice game with the Junior Thistles of San Francisco. The first league game will be played here September 30, against Neptune Beach.

### George Searcy Gets Two Deer

Having bagged two deer on a hunting trip in Sonoma county, George Searcy, 718 Twenty-first street, returned this week to Richmond. One of the deer was a four pointer, the other a forked horn.

### Interest Shown In Net Tourney

Entries in the Contra county open tennis tournament will close Sept. 22, with play starting Sept. 29. Interest in the event is being shown with such tennis stars as Kurt Berndt, Nebo Chasseur, Fred Hass, Carl Holmes and I. A. Kline already registered.

### ON TRAIL OF DEER

Hot on the trail of elusive deer, several local hunters are at Poker flat to try their luck. The party includes L. R. Marshall, J. B. Coombs and Grant Ewing.

### Richmond Net Club Loses To Visiting Team

The Richmond Tennis club went down to defeat at the hands of the Alta Plaza club of San Francisco in one of the hardest fought battles that has been witnessed in Richmond for some time.

The visiting club captured five out of the eight matches played during the day. Nebo Chasseur was the victor over Vic Hansen of the visitors in one of the few victories tallied up by the local net men. Allen Herman of Richmond took the measure of Bill Lichenberger of the visitors and Wally Kruger and A. S. Remell of Richmond defeated S. Vasquez and Fred Costa in a hotly contested doubles match.

### Yankees Lead By Full Game

ST. LOUIS, Mo., Sept. 17.—(U.P.)—By defeating the St. Louis Browns 13 to 2 here this afternoon the New York Yankees increased their lead in the American league pennant race to one full game over the Philadelphia Athletics, who were routed out at Cleveland.

### STOLEN CAR FOUND

Berkeley police recovered the machine stolen Saturday night from N. J. Alalich of 34 Washington avenue. The automobile was found abandoned Sunday in Berkeley.

### MRS. IDA SMITH HOME

Having spent a pleasant ten days at Boyes Hot Springs, Mrs. Ida L. Smith has returned to her home in Avis Drive.

### Anderson, Adams Head-Card For El Cerrito Club

Babe Anderson and Billy Adams head Joe Ross's card in El Cerrito Friday night. Both are going through a strenuous workout in the gym to prepare themselves for their bout, scheduled for ten rounds.

Both have good records so the match promises plenty of action for the fans. Adams has scored victories over Johnny Preston, Paul Dyate and Joey Silver. The latter was scheduled to meet Anderson Friday night, but was forced to withdraw when he wrenched his back in gym work.

Anderson recently put up a good showing against Oakland Jimmy Duffy. Other numbers on the card are: Six-round semi-wild—Dallas Bates man vs Phil Bates, 123 pounds. Six-round special—Jimmy O'Neil vs Charles Rodgers, 133 pounds. Top preliminary—Pat Sweeney vs Jose Ramos, 125 pounds. Norman Townsend vs Salicio Apapa, 147 pounds.

RICHFIELD  
WINS AGAIN  
First in both Class "A" events of the world's greatest air derby! Three new aviation records! Leading a field of 37 starters in every lap except one during the entire flight, Earl Rowland in a Staruk-motored Cessna Monoplane covered the 2939 miles of the Class "A" transcontinental air race from New York to Los Angeles in 25 hours, 14 minutes and 6 seconds, elapsed time—a new record for planes of this class! Rowland used Richfield Aviation Gasoline exclusively, competing with practically every well known brand of gasoline that is sold. Immediately following Rowland's sensational feat, H. S. Myrnes in a Simplex Monoplane powered with Richfield Aviation Gasoline and Richfield Motor Oil won the Class "A" San Francisco to Los Angeles race with an elapsed time of 3 hours, 10 minutes and 20 seconds, while the huge tri-motored Fokker Monoplane, "Richfield" sped down from San Francisco with a load of 10 passengers in 2 hours and 13 minutes establishing still another aviation record. Rowland's and Myrnes' great victories follow on the heels of Art Cochet's record breaking non-stop Coast to Coast flight and Captain Wilkins' hazardous 2300-mile dash over the North Pole—both made with Richfield. Richfield continues to demonstrate its great winning qualities in competition—the qualities which have won more speedway victories and record tips all other gasolines combined.

## EL CERRITO COUNCIL TO CREATE CITY PLANNING COMMISSION

Creation of a planning commission will be voted next Monday night by the council of El Cerrito, according to their action last night when Mayor Phil A. Lee instructed the councilmen that each one could appoint two members to the commission and to submit their names at the next meeting.

The commission will act in an advisory capacity and is being formed to help take care of the growing needs of zoning legislation in the city.

Commissioner Peters, who brought the matter before the council stated that due to the rapid growth of the city, problems of building and zoning restrictions were pressing, which a planning commission could very well take care of. The commission will consist of 10 members.

**ZONING ORDINANCE**  
First reading of a zoning ordinance restricting the building of anything but one family dwellings in the Richmond Traffic Center, Richmond Heights and Mira Vista streets was passed by the council.

The ordinance was passed on the request of the residents in that district and will take effect on its final passage.

Frank Walsh, former traffic officer in El Cerrito, who has pur-

chased the night police patrol service of S. R. Stevenson, was appointed as a special police officer by the council.

The assessment on Arlington avenue was confirmed by the council when no protests were received on the improvement.

City Attorney J. H. Peters was instructed to draw up an ordinance prohibiting the parking of automobiles on the streets all night and submit it to the council next Monday night.

**CHICKEN HOUSE PROTEST**  
A petition, protesting the erection of chicken houses and people operating poultry ranches in the city limits, containing between 20 and 25 names was read before the council and referred to City Attorney J. H. Peters to see if the city could remedy the alleged nuisance.

Edward Swanson, local resident, stated that a chicken house was being erected right next to his property which was about 80 feet long and would house about 1000 chickens and wanted the council to prohibit the party from operating a poultry farm.

**FIRE CHIEF CONCLAVE**  
Request of Fire Chief Arthur Byrd to be sent to the convention of Pacific Coast Fire Chiefs in Sacramento, October 1 to 6, was laid over for one week to see if money was available for the expense.

City Engineer Ross L. Calfee reported to the council that the defective street work on Avila avenue had been repaired to the satisfaction of the residents.

Water Commissioner Ernest O'Brien was granted one more week to investigate the petition of the residents on Pink Lane for a fire hydrant.

**Rites Held For Bay Victim**  
Final tribute to the memory of Manuel Escamille, 11, of Rodeo, was paid at services held Sunday at the Rodeo Catholic church. The youth is survived by his parents Mr. and Mrs. Manuel Escamille, four sisters and one brother.

Manuel lost his life while wading in the bay with a smaller brother. Caught by the incoming tide he was unable to wade to safety and lost his life before the brother, Edward could summon aid.

Rev. Charles Phillips of Rodeo conducted the mass at the church and officiated at the rites held at the grave in St. Joseph's cemetery. Wilson and Kratzer were in charge of the arrangements.

## Back To Daily Grind

END OF A PERFECT DAY OF REST. Nations chief executive returns to duties in Washington after Wisconsin vacation. Those in the presidential party are (left to right) Mrs. Coolidge, President Coolidge, Mrs. Herbert Hoover and Herbert Hoover.

### Police Chief Cox Daughter Return From Vacation

Following a vacation of two weeks, part of which was spent visiting relatives in Washington, Chief of Police Dan Cox has resumed his duties.

In Sausalito Falls, Washington, where three sisters of Chief Cox reside, he attended a family reunion at which 30 relatives, many of whom he met for the first time, were present.

Chief Cox was accompanied on the trip by his daughter, Frances Cox, and both report an enjoyable trip. They stopped in Seattle a few days, were taken on a tour of inspection of several lumber mills and enjoyed jaunts into the mountains.

### Navy Aviation May Drop Its Civilian Ban

Faced by an acute shortage of pilots in naval aviation, the Navy department, it has been learned, is considering several plans by which civilians may be taken directly into the flying service.

Until now Navy regulations have not permitted a civilian to enlist for aviation duty but this may be changed because of the Navy's desire to build up the aviation personnel to compare with the regular service.

Opportunities for civilians to obtain naval aviation training have been limited in the past owing to the requirement that a pilot must first enlist in the regular Navy service and take his chances on being assigned to aviation.

Twelve hundred aviation pilots are required under the five year air expansion program which will terminate in 1931. Prospects of obtaining this number under the present plan of enlistment are distinctly discouraging, Acting Secretary Edward B. Warner said today.

Plans for expanding the Naval reserve in order to provide more eligible recruits for aviation are also being considered. It is probable, also, that so far as practicable without in any way diminishing safety and technical requirements, the way will be paved for more enlisted men and reservists to obtain commissions.

A difficulty encountered in Navy aviation that is not found in the Army Air Corps is that all Naval pilots must, in addition to aviation training, be thoroughly versed in navigation and ship maneuvers.

Without this training, it was explained, a Naval pilot would be of little use as an observer or fighter in war time.

### LINCOLN P.T.A. 'SHOE MOUND' TO AID NEEDY

Instituting a drive for 1000 new members, plans for a "Shoe Mound" and discussion of Girl Scout work characterized yesterday's meeting of the Richmond council of Parent-Teachers association in the Lincoln junior high school.

With Mrs. C. R. Blake presiding, routine business was disposed of. Mrs. G. A. Ellis urging each association to start a membership drive this month. Mrs. Ellis has set 1000 as the membership mark which it is expected will be attained by November 1.

A Shoe Mound will be started shortly to aid needy children in the winter. The public is asked to place shoes which have worn soles but worn soles in a box placed for that purpose on the eighth street side of the Roosevelt athletic field. The shoes will be renovated by the boys of the school with leather bought by the students service committee of the association.

Mrs. E. J. Esola, captain of Girl Scout troop No. 2 took charge of that part of the program devoted to the scout work now sponsored by the P. T. A. The uniforms of the girls chosen to illustrate Mrs. Esola's talk were explained as well as their merit badges.

The sixteenth district meeting of the Parent Teachers association will meet in Berkeley, September 27. The meeting place has not yet been announced.

### Rev. F. H. Prince Reappointed To Local Church

Rev. F. H. Prince, pastor of the First Methodist church of the Westside who has been attending the conference in Pacific Grove for the past week has received official re-appointment to his church. The appointment was made by Bishop Charles Weston Burns.

Accompanying Rev. Prince to the conference were Mrs. Prince and their two sons, James and Warren.

### RETURN FROM EXETER

Mrs. Cora Chalmers and her little daughter, Cleo, and Mrs. Anna Gundry, 5510 Cutting boulevard, have returned to Richmond after spending a vacation in Exeter with relatives.

trance to Naval aviation are largely responsible for the present shortage in pilots as only 25 percent of those applying for aviation duty are able to qualify for air service, it was said. These requirements will not be lessened but it is hoped to increase the number of physically qualified who apply.

### Joseph Bender Former Resident Dies In Martinez

Joseph Bender, 61, former resident of Richmond, died yesterday at the Martinez hospital, following a short illness. Bender was a native of California.

He is survived by two sons, J. A. Bender of San Francisco and V. A. Bender of Sacramento and two sisters, Mrs. A. Marks of San Francisco and Mrs. M. Bonner of Richmond.

### Large Family Saves Man From Sentence

Antonio Ortega of Point Richmond was sentenced to 90 days in the county jail with commitment withheld when he appeared before Police Judge C. A. Odell yesterday charged with petty theft.

Ortega was accused of snatching a \$20 bill from the hands of Juan Sencio as the latter was paying his bill in a restaurant Sunday morning.

He was arrested on lower Macdonald avenue sometime later in the day and identified by Sencio. Ortega pleaded lack of work and a large family to feed as the cause for attempting to steal the money.
